FUNDING SOURCE: NA

EXPENDITURE ACCOUNT: NA

HISTORY/FACTS/ISSUES:

The Transit Department will apply for FY2012 to replace one bus through Section 5310 grant; only one bus is eligible under new rules. The 5310 grant will also support the purchase of ancillary equipment to support efficient operations. Therefore, a request will be made to upgrade transportation software and to purchase mobile data terminals for each vehicle in the fleet. The software may include the following functions: customer database, dispatching, automatic scheduling, report writing and invoicing. Transit is also submitting a grant application under Section 5311 for operating expenses for FY 2012.

Federal grant funding under Sections 5310 and 5311 require an Authorizing Resolution be signed by the governing board of which the funds will be used. Submitted for your approval is the resolution (four original signatures required) authorizing the county administrator to sign the completed grant application and to accept the grant awards.
